

PEEPAL'S PANOPLY

MEDI-ARMOUR DURA + PPE KIT (REUSABLE)

Certified by the South Indian Textile Research Organisation for Synthetic Blood Penetration Resistance as per requirements by the Indian Government.

Medi-armour Dura+ is an carefully curated Professional Medical kit which guarantees maximum protection for the user. It offers excellent barrier protection against aerosols, liquids, and particles. Dura+ is an upgrade on the Medi-armour, which in itself is extremely effective kit. The Dura+ is equipped with a highly advanced suit made of reusable PVC which is a strong fibre that is highly durable and strong.

REUSABLE PVC SUIT

The reusable suit made of the perfect balance of PVC, offers strong protection and breathability at the same time. The suit is taped at seams to ensure maximum protection, and elasticated at the cuff and ankle to ensure tight fitting. It has complete protection against aerosols, bacterium, and all microparticles. The suit is completely water-proof and resistant against all fluids.

SURGICAL GLOVES

Smooth and flexible gloves that are easy to don, and very skin-friendly, made with the user's ease in mind. Absolutely sterile, and guarantees safety.

FULL FACE SHIELD

An easy to assemble and clean face shield that provides complete protection and coverage of the face, ears, and neck. Offers complete protection from Droplets, Particles, and Splashes. Made very lightweight to increase the comfort of the user.

PROTECTIVE GOGGLES

Alternatively, there is an option for highly protective goggles that can be worn by both spectacle and non-spectacle wearers. Highly protective lens made of Polycarbonate which is fixed in a soft translucent PVC frame that is compliant with every safety standard to ensure your safety.
